## PART 1: SAFETY INFORMATION

Read the user manual book carefully

- This appliance is for commercial use only.
- Improper installation, maintenance, cleaning, or modification to the appliance could lead to severe injury or death and could damage the appliance.
- DO NOT place the appliance near flammable materials such as gasoline, fat, clothes, etc.
- DO NOT place the appliance in a wet or humid room or in an area prone to water exposure such as near water leaks, rain, etc.
- Place the appliance in a well ventilated area.
- Beware of hot surface area as it may cause severe burning injury.
- DO NOT attempt to disassemble or repair the appliance. It should be done by certified technician. Call MODENA Service Center.

### Environmental Notice

The packaging material used is recyclable. We recommend that you separate plastic, paper and cardboard and give them to recycling agents. According to WEEE (Waste of Electrical and Electronic Equipment) guidelines, waste from electrical and electronic devices should be collected separately. If you need to remove of this appliance in the future, do not throw it away with the rest of your domestic garbage. Instead, please take the appliance to the nearest WEEE collecting agents, where available.

## PART 2: NAME OF PARTS

*\*Above picture is for reference only. Difference between the picture and actual product may occur*

*\*\*Feature and equipments differ by each product*

## PART 3: QUICK START GUIDE

1. Before operation, check the gas connection and make sure there is no gas leakage
2. Pour some water into the oil residue pan to help catch oil residue. Some of the water may evaporate due to the heat, add water when it's almost empty.
3. Turn the knob counter-clockwise to open the gas valve, and turn again to switch on the electronic igniter.
4. After the flame is ignited, turn the knob to control the flame intensity

## PART 4: MAINTENANCE

### Cleaning and Maintenance

To make sure that the appliance is in optimum condition, the appliance must be cleaned regularly.

#### **IMPORTANT!**

Appliance must not be connected to the gas hose to avoid any gas leak

- Before performing cleaning activity, switch off the appliance and disconnect the gas hose.
- Do not use abrasive cleaners.
- Clean the appliance using cloth and lukewarm water. After that, clean with clean water and dry completely.
- After everything is dried completely, install the accessories and appliance to the initial position.
