

A person wearing a dark apron is shown from the chest down, clapping their hands. A fine spray of white powder or dust is captured in mid-air, creating a dynamic, textured effect against the solid black background. The lighting highlights the texture of the apron and the skin of the hands.

**Our vision to become  
a driving force towards an  
interconnected future  
is what drives us here  
at MODENA.**

Every day, we strive to make life easier for all our customers by creating sophisticated products that are simple to operate. Supported by a design studio in Italy, world-class R&D centers, and manufacturing facilities around the globe, we have earned the trust of customers worldwide as a provider of home and living solutions that are renowned for their aesthetic refinement, as well as their longevity and innovative technology.

MODENA

## 1960s

MODENA inception in Emilia Romagna-Italy.

## 1970s

Range expansion & beginning of export.

## 2010s

Range expansion into Professional, Energy, Mobility and beyond.

**Inspired** by the way  
you perform your  
daily activities.

We look to you as we innovate  
and create new, exciting products.

Here, you will discover our best product line-up yet,  
including Nebula Glass hobs, multi-functional ovens,  
sterilizing chimney hoods, and more - the manifestations  
of our mission to make life better and easier for you.

# Beauty is to be experienced.

## **We fully understand that good design is thoughtful.**

Hence, we consistently draw inspiration from all corners of the world and work with various experts to add that special touch. As a result, we are proud to say that the products we craft not only look great but also serve a greater purpose.

## **Time** is essence of practicality.

**Between the hustle and bustle of modern life, it is important to reward yourself with moments of comfort.**

Therefore, we equip all our products with built-in features, designed to give you the ultimate peace and convenience. Our best-selling portable induction cooker, for example, comes in a lightweight design that enhances mobility, allowing you to cook whenever and wherever you please.

# A commitment to provide **timeless** products.

**We want our products to serve you for years to come.**

Therefore, we always design our home appliances and professional kitchen equipments with durability and reliability in mind. We uphold timeless aesthetics and the use of superior materials to create products that can be passed down to future generations.

Even after years have gone, we believe that our products will remain relevant and easily maintained for improved longevity.

**Professional**

## **Elegant heavy-duty solutions for a fast-paced industry**

The culinary industry has experienced significant growth over recent years, becoming a fast-paced world where gastronomy and art meet.

Designed in compliance with the highest industry standards, our MODENA Professional range delivers power and precision to serve the needs of culinary pros and commercial establishments everywhere.

Perfected with ION+ Technology, our sophisticated refrigerators are capable of increasing the shelf life of your food and beverages, keeping them cool and fresh for longer.

## Refrigerators

### RF 2551 S

Side by Side Refrigerator  
905 × 655 × 1770 mm  
Brilliant Stainless Steel

Defrost Power **250 W**  
Refrigerator Temperature **2°C — 8°C**  
Freezer Temperature **-14°C — -22°C**

Total Capacity 521 L	Door Alarm
Refrigerator Capacity 344 L	LED Light
Inverter Compressor	Humidity Controller
Total No Frost	Twist Ice Maker
LED Touch Panel	Adjustable Feet
Multiflow Cooling System	Refrigerant R600A

### RF 4540 S

Multi Door Refrigerator  
790 × 700 × 1800 mm  
Black Stainless Color

Defrost Power **200 W**  
Refrigerator Temperature **2°C - 8°C**  
Freezer Temperature **-14°C - -25°C**

Total Capacity 401 L	LED Light
Refrigerator Capacity 268 L	LTC Sterilization System
Inverter Compressor	Fresh Keeper
Total No Frost	Holiday Power Saving Mode
LED Touch Panel	Power Off Memory
Smart Sensor Refrigerator	Twist Ice Maker
Multiflow Cooling System	Adjustable Feet
Tempered Glass Shelf	Refrigerant R600a

3 Layers of Basket	Interior Light
Electric Button Control	
LED Display	

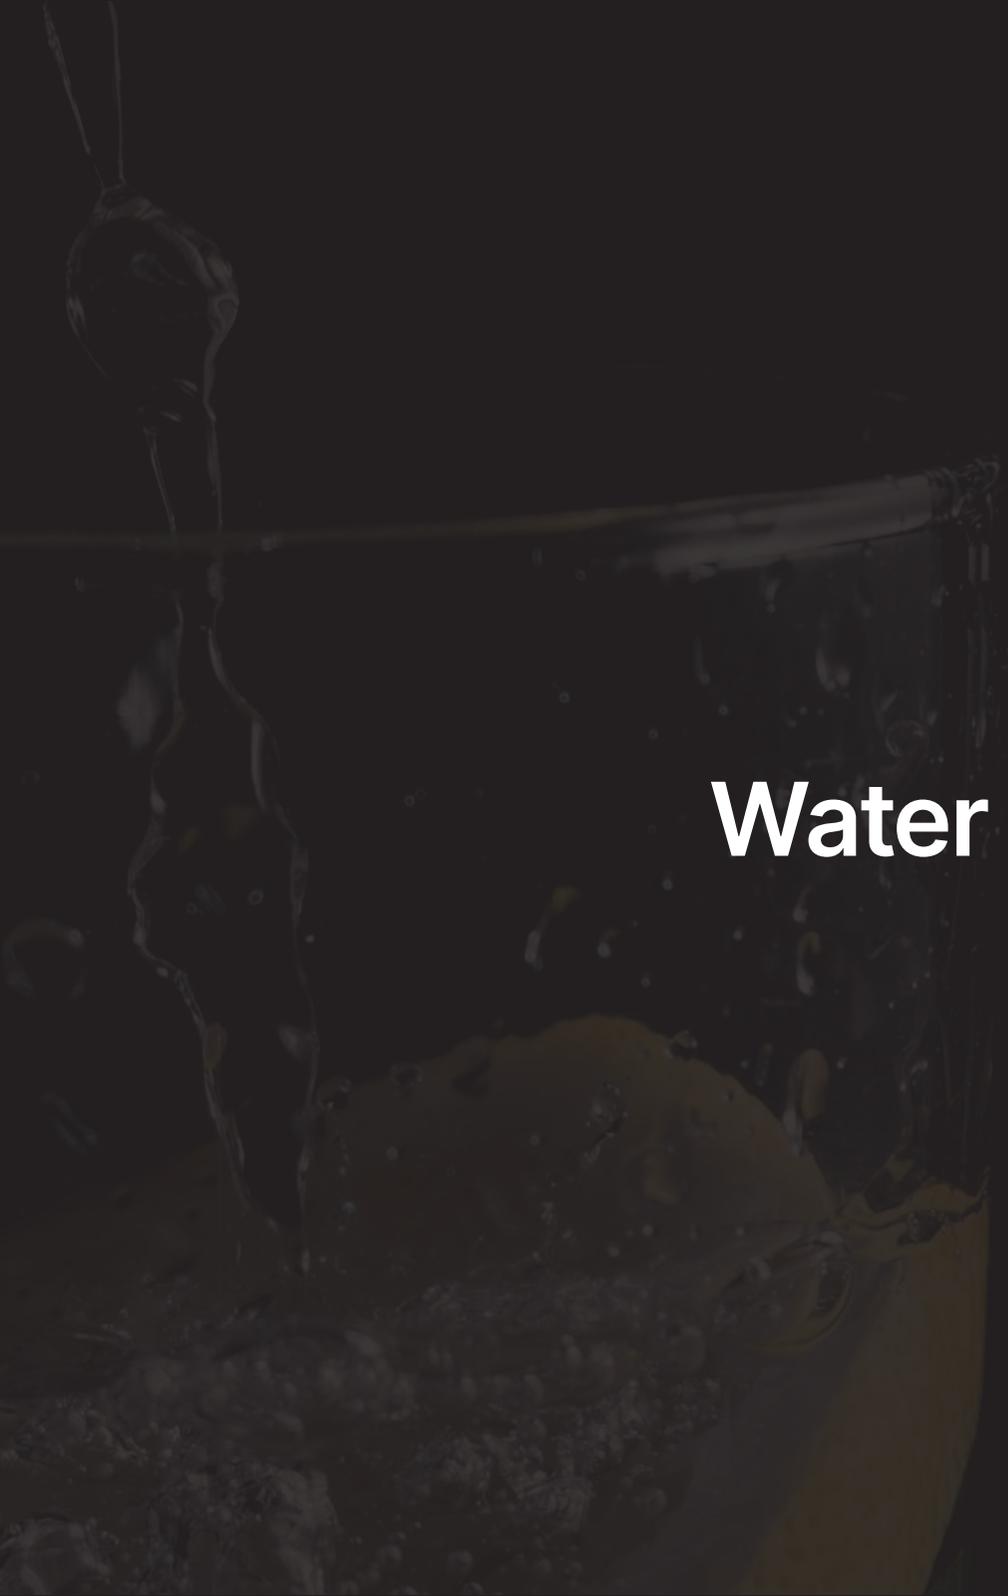

### WP 7121 S

Dishwasher  
600 × 600 × 845 mm  
Brilliant Stainless Steel

Power Input **1760 - 2100 W**  
Energy Consumption **0.93 KWH/ Cycle**  
Water Consumption **10 L**

AeroDry	1-24 h Delay Start
14 Place Settings	Extra Drying
8 Programs	Half Load Function
3 Spray Arms	Salt & Rinse Aid Indicator
3 Layers of Basket	Child Lock
Electric Button Control	
LED Display	

A close-up, high-speed photograph of water splashing into a clear glass. The water is captured in mid-air, creating a dynamic, textured pattern of droplets and bubbles. The background is dark, making the bright, clear water stand out. The glass is partially filled with water, and the splash is centered in the frame.

# Water Dispensers

## Water Dispenser
